## Risks

Guinness Best of China Fund is an equity fund. Investors should be willing and able to assume the risks of equity investing. The Fund only invests in the Greater China region; it is therefore susceptible to the performance of that region, and can be volatile. Details on the risk factors are included in the Fund's documentation, available on our website. The value of an investment and the income from it can fall as well as rise as a result of market and currency movement; you may not get back the amount originally invested.
